

UTS:HELPS

HIGHER EDUCATION LANGUAGE AND PRESENTATION SUPPORT

8 July 2025

To whom it may concern,

Sreekar Reddy Edulapalli volunteered to participate in the UTS Higher Education and Presentation Support Service (HELPS) in Autumn 2025. UTS HELPS provides academic language and literacy support to local and international students.

Sreekar volunteered in our speaking programs aimed at developing communication skills and connection between students and volunteers. His support in our Talkfest and Buddy Programs helped reduce isolation for international students and gave them the opportunity to keep improving their language skills and confidence.

His participation has developed his own intercultural, communication and leadership skills and broadened his participation in the university community.

We very much appreciate Sreekar's contribution to these programs.

Yours faithfully,

MaryAnn McDonald
Manager, UTS HELPS Volunteer Programs
University of Technology Sydney
